CREATING A NEW STANDARD FOR
QUALITY, INTEGRITY, & RELIABILITY...

COMPANY PROFILE:

RM METALS has specialized in the trading and distribution of prime stainless steel coils, sheets, and plates to the metal service center industry for over 24 years. We are headquartered in South Plainfield, New Jersey, and have warehouse and process facilities in major cities throughout the United States.

TRADING AND DISTRIBUTION:

Our company’s core business is the trading of stainless steel flat rolled products. Worldwide procurement enables us to offer our customers a competitive edge based on international pricing. Our material is purchased from domestic and international mills located in Asian and European countries. Our suppliers hold ISO: 9001 and other accepted accreditations. Delivery from local warehouses can be arranged promptly. Lead time for international material pre-produced and ready for shipment is approximately 5 to 6 weeks, with production orders ranging from 60 to 90 days. Future orders can be purchased on net or base plus surcharge pricing at time of arrival.

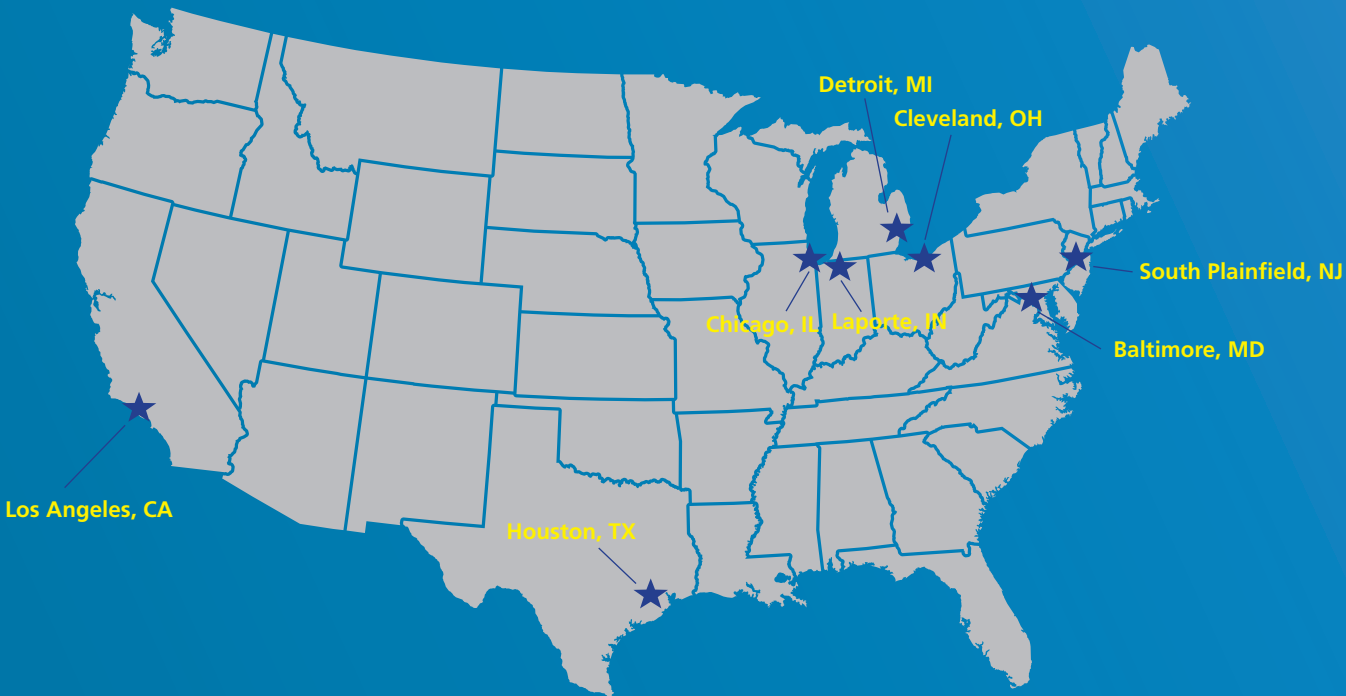

RM METALS mainly stocks the following grades: 201, 301, 304, 316L, 321, 409, 430, and 439. Mill test reports or inspection certifications are available. We stock material strategically throughout the country allowing for prompt, hassle-free delivery. Stocking locations include New Jersey, Ohio, Maryland, Texas, Michigan, Illinois, Indiana, and California.

Customer satisfaction and product quality are vital components of our business model. All of our warehouses are experienced in reviewing material requirements, sending samples, and providing digital pictures for immediate viewing. During order processing we can arrange online viewing of material running on the line. Customers have access to a 24-hour customer-support number.

COMPANY VISION:

Customer satisfaction is paramount to our company’s growth. Since we trade internationally on a daily basis, our customers receive the best worldwide market price. To continue success in the coming years, we will continue focusing on keeping our quality and integrity at its highest level.
